

Filter hood "ENVIROCLEAN"

For autosampler protection

The time spend by your samples before instrument introduction is important, like chance to be contaminated with atmosphere. The Enviroclean filter hood prevents environment contamination for samples present on autosampler.

For digestion

The filter hood protects your samples from environment pollution but also your laboratory working atmosphere from dangerous digestion reagents exhaust.

≡ If you want to offer the best to your laboratory!.

ICP , ICP-MS

Official Glass Expansion

- Torch
- Nebulizer (concentric, V-Groove..)
- Chamber (Cyclonic, HF)
- Cone

TEFLON - PFA Labware

SAVILLEX official Distributor

- Vial, jar
- Tube, digestion tube
- Digestion vessel
- Filtration
- Acid distiller

MERCURY Analyseur

Distributor ALTEC

- AMA 254 mercury analyzer on liquids and solids without digestion

DIGESTION

Exclusif Environmental Express

- Hotblock and AutoBlock
- Digestion Tube
- Disposable filter
- Prewrite filter
- DBO bottle

Digestion Microwave

**Pressure Reactors
Exclusif Berghof**

STANDARD AAS-ICP-GC

Exclusif ANALYTIKA & Czech Metrology Institut

- Standards CRM AAS, ICP, IC
- High purity acids
- Standards AAS, ICP
- Standards GC, GC/MS
- Standards on custom request
- Standards IC
- Matrix modifier

AAS

Exclusif PHOTRON

- Hollow cathode lamp
- Super lamp
- Deuterium Lamp
- Graphite tube

CHNOS N2 / Protéines

Exclusif SÄNTIS

- Capsule and boat (tin, silver..)
- Copper oxide and reduced
- Quartz, metallic, ceramic tubes
- Catalyst
- Standards

Precious metal

Official Birmingham

- Crucible, mold for Fluox
- Boat crucible
- Electrode

Second hand equipments

Labexchange official agent

- Laboratory equipments
- Process equipments
