

Innovative Products

THE PRODUCTS INNOVATION

Objective: one innovation per exhibition

The latest innovations

▪ HEATING & EXFOLIATING MASKS - face and body

- New at-home SPA concept
- Ready-to-use products
- Heating function due to the zeolithe, allowing to stimulate the micro-circulation and the pores opening => purifying activity while draining impurities and toxins away
- Standard references: orange, ginger, cranberries, cocoa

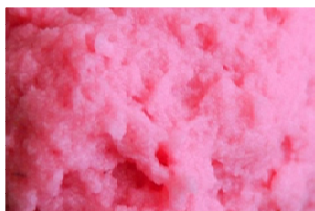

▪ SHAKER MASKS®

Instantaneous powdery masks, wash-off or peel-off

- 4 textures all being ultra-fresh: *Smoussy*®, *Creamy*, *Cristally* (transparent) et *Peel-off*
- All are of natural origin and preservative free

▪ SELF-HEATING MASSAGE STONES

- The masseur shapes himself his own massage stones
- Easily customisable while adding essential oils, perfumes...
